LEMON GROVE REVIEW

Vol. 22, No. 3 | Lemon Grove, California | Thursday, August 7, 1969 | Telephone 469-0101 | Ten Cents

ENTERPRISING — Alan Michael, 13, has the only shoe-shine stand in Lemon Grove, open in front of the Broadway Barber Shop. The ambitious youngster, earning quarters for school clothes, here touches up the shine on barber Ted Lindsey's shoe.

Businessman, 13, Brings Back Shine

The shoe shine is back in Lemon Grove.

Harking back to the "good old days" when spittoons and auto cranks were commonplace, the 25 cent shine had seemingly become extinct.

But leave it up to an enterprising 13-year-old mind to revive the art and corner the local market.

That's exactly what Alan Michael, 2747 Massachusetts ave., has done.

He's open for business now, located in front of the Broadway Barber Shop, in the middle of Lemon Grove's busiest business district.

According to old-timers, the shine stand is the only local stand to exist within recent memory.

Alan hatched the idea three weeks ago, as a scheme to make money to buy school clothes. He enlisted the help of his uncle to help construct a large footstand and storage box for his supplies.

He invested in wax, rags and brush and opened shop. He's been prospering ever since.

"He's been doing pretty well," judged hairtrimmer Ted Lindsey.

Alan bicycles to work each morning at 9 a.m., and stations himself at the barber shop until 6 p.m. with a break for lunch.

He serves customers in the shop and also catches passerby business on the street.

Alan plans to remain on the job full-time until his school, Lemon Grove Junior High, begins instruction in September. Then plans call for an after-school, 3 to 6 p.m. shift.

Smoke Cheaper Than Chopping

You're reading about the man who has already spent nearly $100 because of the silly ruling the supervisors foisted on county residents as part of the anti air-pollution rules.

As it now stands, residents cannot burn grass out of doors. Dr. J. B. Askew, County Health Director has said that grass burning does not pollute the air with harmful oxidants as burning oil products do. But, he says, grass burning is more noticeable and people react quickly to a column of smoke.

The $100 grass removal cost was labor to cut and transport the dried oat grass that was normally burned in small sections each year on a small field that is less than half an acre in size. It took a man a full week at $2 an hour to hoe the grass. More than 8 pickup-truck-loads of the stuff had to be taken to the dump. Transport is costly. And at the dump there is a 75c a load charge for using the county facility.

Many families are not willing, or can't afford, to have such grass removed. Local fire departments are poised with "warning notices" that will be issued when you're caught burning weeds. A copy will be sent to the air pollution control people. They may act with their powers to fine and imprison, after a hearing, on multiple abuses. If the weeds are allowed to stand, local fire departments may issue a "notice to abate" fire hazards incurred by dry grass. The fire department can't burn stacked grass, as they once could. They can't burn anything — except for training.

The only thing a householder can legally burn outdoors is the stuff he uses to barbecue a meal. As one fire official said, you can burn a whole field of weeds if you're holding a hot dog on a stick over it — and call it a barbecue.

You may burn your weeds in your fireplace without penalty, one official said.

All of this leads up to the column of smoke that could be seen rising from the cigarettes of many of the 52,171 fans at the Chargers game Saturday. Now there is a smoke column that makes many grass fires look minor league. Many back county uncontrolled fires produce less smoke.

We're not suggesting that smoking be banned at large gatherings — but smoke is smoke.

To add to the smoke confusion, the people who sponsor the marching band of little children at the football game, set off a pyrotechnic display — of a sort. The display provided little light. But the acrid smoke was magnifient. The sulphur smoke could be seen from miles away. Fans couldn't see the field for 10 minutes, however. Where were you Saturday night, Dr. Askew?

Many people will become more piqued by the no burn rule as the fire season lengthens and the fire hazard increases. As orders come to cut and remove the oat grass and weeds, property owners will get a financial shaking when they compare the cost of chopping and removing with the old-fashioned patch burning expense.

District Teachers Granted Raise

"You can't always get what you want," advises a currently popular song.

Grossmont High School District teachers refuse to believe it, though, after Trustees granted them their requested 7 per cent pay boost last week.

Actually, the raise will hike salaries from 7 to 12 per cent, depending upon their position on the pay schedule and if summer school is taught.

The item was included in the record $19.1 million budget approved Monday night by the Trustees.

Trustee Wants Policy Changed

At least one Grossmont High School Trustee wants the existing District drug policy revised.

So said Ken Overstreet, expressing his opinions in an interview with the San Diego Union.

Overstreet contends that the district is going too far in expelling students who may become involved in illegal narcotics off-campus.

"This makes us do what parents should be doing," in being responsible for the students' conduct at all times, he told the Union.

He said he would make his views known to the Board in September, when the District policy is scheduled for a hearing.

Fire Election Set Nov. 4

Area voters can set their sights on local Fire Protection District board elections, scheduled November 4.

At stake are two seats on the Spring Valley board and one in Lemon Grove.

William Wardwell, who has served six years, will run for re-election in Lemon Grove. He was elected in 1966 without opposition.

Clifford Pennock and William Faulwetter are nearing the end of their terms in Spring Valley. Pennock plans to run again while Faulwetter has made no announcement.

Faulwetter was elected to the Grossmont College Board of Trustees in April.

Deadline for filing for the election is September 19 at 5 p.m.

Costs and Rules For Undergrounding Utilities on Palm To Be Aired Wednesday

Questions about cost and explanation of the rules for undergrounding utilities in Lemon Grove will be answered here next week.

Plans are underway to contact every resident on Palm ave. to invite them to a public information meeting at Palm Junior high school Wednesday at 8 p.m., Jim Wermers, chairman of the Palm Avenue Citizens' League said Tuesday.

A battery of experts will be on hand to answer questions about the proposed undergrounding of utility lines on Palm when the road is improved next year.

Wermers, a general contractor who lives at 8060 Palm, said V. L. Larson, of PacTel, and P. J. Dewes, of S.D. Gas and Electric Co., will be present. George Young, an electrical contractor, and a trenching contractor, will be on hand to answer questions regarding line laying and connection costs.

Several representatives of County government will attend the meeting. William Byers, senior engineer; Jim Smith, utilities co-ordinator; Al Boggs, principal civil engineer-office; Joe Rushing, assistant director of the County special district services, and an unnamed representative of the electrical inspection section of the County building inspection department will speak to the matter of requirements for forming an underground conversion project.

Undergrounding is suggested for late 1970 when the county will improve Palm ave. to four lanes of traffic from Imperial to Troy-Palm intersection.

All utilities may be put underground at that time at a minimum cost, county engineers say.

Set Aside Funds

Utilities and County government have been required to set aside funds for such projects by the Public Utilities Commission. The funds are in hand and county engineers are "ready to go" at the time Palm is widened. Homeowners will pay for digging a trench from the main to their homes. They will also pay an electrician for the underground hookup where the line enters the building. Experts will discuss this cost at Wednesday's meeting, Wermers said.

Palm ave. will be made into four 12-foot traffic lanes and will be a feeder for the new Sweetwater freeway when it is completed. That project is several years away, however.

The right-of-way for the Palm improvement will vary from 73 to 80 feet. Property owners will be paid for the property the County needs for the right-of-way. Palm trees, now gracing the street, will be moved rearward at no cost to the owner, should he desire it.

The only poles that would remain are the ornamental light poles the utility would install to replace the wood ones to which lights are now attached. There would be no wires strung above ground, anywhere.

Palm, when completed, will have four 12-foot traffic lanes, an 8-foot paved parking shoulder on each side, cement-asphalt dikes and 4-foot walkways.

Location Changeable

The funds set aside for undergrounding utilities alongside the new road may be used anywhere in the County. Engineers decided to try Palm because it is the next major road revamping job scheduled through a residential section. One such project is being installed on Avocado blvd. If Palm property owners indicate they do not want to underground, the funds would be offered in another location in the county.

Such a project will eventually increase the value of property but County Assessor Charles Williams said last week that no re-assessment would be conducted as a result of such work.

"In the scheme of things, properties will sell for more money when improvements are made. As sales are registered, the assessed value of surrounding property will rise in line with the newer values," he said.

The Palm roadway improvement will be financed by gas tax funds. Within the right-of-way, driveways will be replaced with asphalt cement. Outside the right-of-way, driveways will be replaced with the type of surfacing it presently has.

H. M. Taylor, County Engineer said that construction, with or without undergrounding, would start on Palm Nov. 15, 1970.

Mobile Park Rejected At Palm-Sweetwater

SAN DIEGO (CNA) — The County Planning Commission on Friday found a plan for a 400-space mobile home park in Spring Valley "totally unacceptable," but gave the applicant until Sept. 5 to make changes.

The delay appeared to be a courtesy gesture to applicants Thomas D. and Abraham K. Mukai, rather than an endorsement of the proposal.

The major difficulty with the park is access. The location is on the west side of Sweetwater rd. and south of Palm st.

Interstate 125 Freeway will wipe out about one-third of the land in the application and cut off practical access to the trailer park.

Zoning Chief John Cassidy told the commission that Palm st. reaches a grade of 19 percent which would make access difficult for many automobiles, and nearly impossible for large trucks carrying "mobile homes."

Cassidy said that freeway interchanges are planned at Troy and Ildica streets, but not at Palm.

Troy is reachable only by way of Palm from the mobile home park site and Ildica is nearly a mile south.

In addition, Cassidy said, the property rises so sharply that at the western portion elevation changes of 20 feet would be required between mobile home pads.

The applicants were represented by lawyer Sherman Platt who merely asked for more time as it was his partner rather than himself who is handling the case.

The commission has received several protests from residents who live on the hill above the proposed site.

Sweetwater Traffic Lanes Narrowed For Turn Pockets

SAN DIEGO (CNA) — New traffic controls on Sweetwater rd. in Spring Valley should be ready before the opening of school, according to the county engineering department.

The controls, however, do not include traffic signal lights in this period.

Sweetwater rd. will probably remain a problem that cannot really be solved until the construction of a freeway that will relieve the county road of some of its near-freeway traffic volume.

Acting County Engineer Howard Taylor has informed the Board of Supervisors that after a re-surfacing job on the newly-improved road, the lanes will be narrowed from 12 feet to 11 and left-turn pockets created at all intersections between Troy street and Jamacha blvd.

The smaller driving lanaes, Taylor said, should have some effect in slowing traffic speed.

The county traffic advisory committee has recommended against a lowering of the 45-mile-an-hour speed limit. The committee's recommendaion, which has been accepted by the board of supervisors, is that an arbitrary reduction of the speed zone merely invites intentional violations.

The committee and the county road department have accepted the national studies that a majority of motorists on a given road will travel at a speed that is safe and prudent.

The committee, composed of county engineers, law enforcement officers and others interested in traffic safety, found that traffic on Sweetwater rd. is traveling at speeds (in 85 percent of the case) from 42 to 47 miles an hour.

A traffic light is scheduled to be installed at the South Bay Freeway in January. Planning also calls for lights at Jamacha blvd. and at Blossom lane in fiscal year 1970-71.

CoC To Fete British Family From Sister City of Ruislip

Lemon Grove will play host to a couple from its sister city in England on August 18.

Mr. and Mrs. Howard Fisher, of Ruislip, England, will be guests at a public reception at the offices of the Lemon Grove Chamber of Commerce, Imperial ave.

The reception will follow a luncheon at which Chamber officers and other dignitaries will fete the Fishers.

Several years ago the chambers of commerces of the two communities "adopted" each other and the Lemon Grove chamber has sent gifts through former Ruislipians, the Rex Wells, who live at 3296 Kempf st. The Wells represented Lemon Grove when they returned to Ruislip for a visit last year.

The Fishers are representing the Ruislip Chamber of Commerce, while here. They are bringing a gift from the Ruislip Chamber of Commerce.

A committee is being formed by the Lemon Grove chamber to meet the Fisher's plane, Frank Shughrue, president said.

While here, the Fishers will stay at the Well's home but will be taken to such tourist attractions as the zoo and Sea World.

An "Open House" at the chamber offices will be held during the afternoon of the 18th, Shughrue said.

The Fishers will leave August 19.

PETITE MISS — Little Debbie Ann Johns, daughter of Mr. and Mrs. George H. Johns, of 1763 Primera st., Lemon Grove, holds trophy she won by being chosen second runner-up in the Little Miss La Petite of California contest held recently at El Cortez hotel.
Debbie Ann competed with 21 other little girls. She attends San Altos school and is in the second grade. She is six years old.

L.G. School Tax Increase Of 55¢-60¢ For $3.89 Rate

It was bad news Monday at the regular meeting of the Lemon Grove Elementary School District trustee's meeting.

First off, two of the district's most highly respected employees announced resignations.

Then, Assistant Superintendent Paul Reynolds reported that the school tax rate for Lemon Grove property owners would rise 55-60 cents.

Personnel resigning were Dr. Betty Higgins, principal of Vista La Mesa school, and William Whitley, a fifth grade teacher at San Miguel.

Mrs. Higgins, who earned her doctorate in philosphy and human behavior at the U. S. International University at San Diego, has been with the district 13 years. She has accepted a "challenging" post as curriculum co-ordinator in humanities and the performing arts in grades k-12 at a school in Arlington, Virginia.

Mrs. Higgins came to Lemon Grove as a teacher in 1956; was curriculum co-ordinator 1961-65 and was made principal upon the death of Clarence Allen in 1965. She obtained her bachelors and masters degrees at State. She authored many articles on curriculum for profession magazines and edited the County Teachers' Association publication for a year.

Accepts Principalship

Whitley, who served as administrative assistant at Golden ave. school prior to the San Miguel post, has asked for a year's leave to become principal of the elementary school in Jamul-Las Flores district. He told the board Monday night that he was accepting the job to further his career as a principal. He had applied for the job of principal of San Miguel when that job was open two years ago.

The board will meet in an extra session August 21 to consider replacements for both people.

Reynolds, in reporting on the increased tax rate, said that the 55c-60c increase which would bring the rate to approximately $3.89 for each $100 of assessed valuation. The increase would have been considerably more except for increased assessed valuation in the district amounting to 7½ per cent.

The board also learned that summer school attendance started with 1474 enrollees but dwindled to 1306 as school closed — about par for the course, Reynolds said.

Byron Netzley, district superintendent, on vacation, was not present.

Woman Held In Housemate Shooting

Police are holding Izetta Moore, 48, of 3690 Vista st., Lemon Grove, who is charged by the sheriff's department with the shooting of Herbert Sample, 35, early Tuesday.

Sample, who shared the home with Mrs. Moore, is said to have been shot in the chest, hip and hand with a .25 cal. automatic. He is in Grossmont hospital where his condition is reported as "improved." He was in the intensive care ward until Wednesday.

The sheriff's department said the shooting climaxed a 3:15 a.m. argument Tuesday.

The report of the shooting was submitted to the district attorney Wednesday for action.

Mrs. Moore is listed as a tavern owner.

Thieves Nab Electronic Gear

Thieves raided electronic equipment from Golden ave. school and Lemon Grove Junior High School during the weekend, probably late Sunday night.

Custodians discovered the entries early Monday morning, according to Louis Poluzzi, principal of Lemon Grove and Head Start Director at Golden ave.

Missing at Lemon Grove Junior was a HiFi set, an amplifier and a mike. Thieves apparently entered through a broken window, Poluzzi said.

At Golden Ave., one microphone was missing and the refrigerator left open — but not long enough to spoil any food, making Poluzzi believe the incident occurred late Sunday night.

LG Fire Report

The Lemon Grove Fire Department answered six fire calls for the week of July 28-Aug. 4. The rundown:

Aug. 3 at 11:48 a.m., a small grass fire at 2766 Citronalla, possible started by juveniles, with matches, but no damage.

July 28 at 4:06 p.m., about one-tenth of an acre of dry grass burned along a ramp leading to the freeway, started by sparks from an incinerator.

And a trailer, being towed by a truck at 2898 Broadway, broke loose from the truck. A tank on the trailer ruptured and broke into flames, totally destroying the trailer, doing about $750 damage. The vehicle belonged to the Arrow Electric Contractors.

On July 29 at 10:57 a.m., firemen went to Casa Blanca Retirement Home, due to a short circuit, but no damage was reported.

About 3 acres of dry grass burned in the 2500 block of 69th st. on July 30, in which 3 engine companies and 14 men responded.

July 31. A brush fire at Massachusets and Main st., but no damage.

RESCUES

Aug. 1. Rescue team called to 7973 Broadway, to Ed Rue, but he was pronounced dead by a physican.

United Methodist Schedules School

Vacation Church School at the United Methodist Church on Washington ave. will be held August 18 through 22, from 9 to 11:45 a.m. each day.

The pre-kindergarten and kindergarten program is designed to show children that they are friends and helpers to others.

The first and second-grade program helps children discover that it is part of God's purpose for people to live together in communities and to appreciate their interdependence with family and church.

Third and fourth grade material was created to satisfy the child's growing ability and eagerness to explore and understand the people and places in the Bible.

Fifth and sixth grade material emphasizes Paul's life and work rather than dates and places. It traces his travels and significant events that made him a great Christian leader.

For registration information, call Thelma Van Meter at 479-0039.

Contingent Attends Adventist Parley

ZURICH, SWITZ. — A group of local residents, come to this Swiss city to learn new methods of Christian witnessing at a giant World Youth Congress of the Seventh-day Adventist faith, are learning by doing.

Attending the Seventh-day Adventist World Youth Congress from the Lemon Grove area is Susan Starbuck of 1925 Massachusetts, Lemon Grove.

Attending from the Spring Valley area are Mr. and Mrs. Elmer Heeren, Jennifer and Nancy of 10126 Campo rd., Spring Valley.

The local contingent, along with thousands of other young people from around the world, are spreading out across Zurich to tell all who will listen that life with Jesus Christ is life at its best.

The local residents are being joined by many musical groups from various countries in their Christian presentations in shopping centers, which are called "platzs" in Swiss. A cowboy-togged band representing the Seventh-day Adventists' summer youth camp near Idlewild in southern California will be among the musical groups taking part in the Christian witness presentations.

Later the local group will bus to nearby areas such as Lucerne and Interlaken before returning for an 8 p.m. "Festival of Praise" in Zurich's huge Hellenstadion sports hall where the youth conclave is being held.

Directing a mass choir of hundreds of voices which will include delegates from such eastern European countries as Czechoslovakia, Poland, and Yugoslavia, as well as western nations, will be Wayne Hooper of Glendale, Calif., music director for the Adventists' international radio broadcast, "The Voice of Prophecy."

CD's of A Have Rummage Sale

Court Teresa of Avila No. 1580, Catholic Daughters of America has announced the plans for their annual rummage sale to be held on Thursday and Friday, August 7, and 8.

The rummage sale will be held at St. John of the Cross parish hall in Lemon Grove.

Mrs. Charles Roderfer is the chairman of this event with Mrs. Frank Flattery as co-chairman.

Salvation Army Sets August For 'Rummage Roundup'

August has been set aside as "Rummage Roundup Time" at the Salvation Army's Men's Rehabilitation Center at 306 Eighth ave. in San Diego.

The Center sustains itself solely through the sale of reconditioned and repairable discards in the 10 Thrift Stores throughout San Diego County. Many men have regained self-confidence, respect and the ability to engage in gainful employment through the help of this fine program. The Thrift Stores also provide shopping facilities for lower income families who are faced with the problems of clothing their children for the coming school year.

"Rummage Roundup" is a special appeal for useable and repairable discards of any kind. A call to 239-2301 will bring a truck to pick up items at a convenient time. Donations are welcome.

This Sunday

Always and Everywhere

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is far more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

Peace Corps Test Aug. 16

San Diego area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. on Saturday, August 16 at Room 302, 601 A st. in San Diego.

The Peace Corps uses the Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an Application, if they have not already done so, and present it to the tester before the test. Application forms are available from post offices or from the Peace Corps in Washington, D.C. 20525.

Fifteen thousand Volunteers are currently serving in Asia, Africa, Latin America and the Pacific Islands, working with the people of those nations in self-help projects ranging from food production to health to education. More Volunteers are needed for programs which will begin training soon.

Diabetes Assn. Meets Tonight

"Importance of Foot Care for Diabetics" will be the topic of discussion at the next regular meeting of the San Diego County Chapter of the Diabetes Association of Southern California when it meets at 7:30 p.m., tonight at Veterans Memorial Bldg., Balboa Park in San Diego.

Richard A. Jones, M.D. will be the principal speaker. Dr. Jones is Diplomate of American Board of Surgery; Fellow-American College of Surgeons; Assistant Clinical Professor of Surgery — School of Medicine, University of California, San Diego; on the Active Staff of University Hospital of San Diego County and Scripps Memorial Hospital, La Jolla.

Bill Eastman, Chairman of the San Diego County Chapter issued a general invitation to the public to attend the meeting and learn more about diabetes.

Note Changes, Reminds Oto

Residents of the East County area who are receiving monthly social security checks are minded by Sumio Oto, Social Security Manager in El Cajon, to report directly to the El Cajon office any change of address or other events affecting continued receipt of their checks. Reports may be made by mail, phone, or in person.

Oto said that up to now beneficiaries had been reporting these events on postcard forms to various record centers throughout the country.

The change in reporting methods is designed to reduce the time needed to change addresses and process other information having an affect on monthly benefits, Oto said. The change is made possible by the increased capacity of social security offices to transmit the information over high-speed communication circuits to record centers.

Oto said that, in addition to address changes, some of the events that may affect receipt of monthly checks include employment, marriage or remarriage, divorce, death and change in school attendance of students over 18.

The El Cajon Social Security Office is located at 570 North Second st. in El Cajon. Office hours are from 8:30 a.m. until 4:30 p.m. Monday through Friday, and until 7:30 p.m. on Wednesdays. The telephone number is 442-0851.

Nearby Hospital To Cost $17 Millions

National Medical Enterprises, Inc., Beverly Hills, and Medical Growth Industries of San Diego have reached an agreement for the development and operation of a $17 million medical complex in San Diego.

The complex, said to be one of the largest, most complete health care centers in the United States, is located in MGI's Alvarado Medical Center at the intersection of Interstate 8 and College ave.

It will contain more than 1,000 beds, including a $9 million 319-bed general hospital, a 309-bed convalescent hospital now under construction, and a 400-bed full service retirement residence. Provisions have been made for future expansions of the latter two facilities with the addition of nearly 500 beds.

The hospital will be constructed on a seven-acre site.

Construction will begin by the end of the year.

Jennie Warmer Makes Grades At U of Pacific

Some 250 students at the University of the Pacific in Stockton have been named to the Dean's List of honor students for the spring semester 1969, it was announced last week by Miss Deering, Registrar.

Jennie A. Warmer, a sophomore from Spring Valley was among the scholars.

Of the 250, fifty received a perfect 4.00, or a "straight A average."

To be eligible for the Dean's List, a student must be enrolled in the University for at least 12 units and must have achieved not less than a 3.50 average for the semester. Only undergraduate students are included on the list.

The list does not include students from Raymond College or Callison College, cluster colleges at the University, since those colleges use a different measurement of student scholastic progress.

Red-Orange Triangle Warns of Road Danger

Motorists who see a bulky vehicle in the road ahead of them with a red and orange triangle on the rear should reduce their speed and proceed with caution, Captain V. J. Herz of the California Highway Patrol recommends.

"The triangle is the 'slow moving vehicle emblem' which may be used only on farm implements which are driven or moved at a speed of 25 miles an hour or less. It is designed to protect both the driver of the slow moving vehicle and the approaching motorist by giving the latter the earliest possible notice of the hazardous situation," Captain Herz said.

The emblem is at least 14 inches tall, with a red reflective border and a flourescent orange center. It is mounted on the rear of the vehicle, base down, at a height of from three to five feet.

"Use of the emblem is now permissive," the Patrol official said, "but if two bills now before the legislature become law, its use will become mandatory."

Congressman Ancher Nelsen, Minnesota, said: "The national loss in farm income in 1968 due to inflation was equivalent to the value of all the red meat and milk that Minnesota farmers can produce in a year."

OFFICERS — Mrs. Thomas P. Hearne, of San Diego, and Patricia La Roche, display invitation to a fund raising banquet involving aid to Spanish speaking people.

Pat La Roche Is Officer For Serenata de Mexico

A Lemon Grove woman will have a leading part in presenting a benefit dinner for Mexican-speaking people August 16 at Hotel del Coronado.

The woman, Miss Patricia La Roche, of 2714 Nomel lane, Lemon Grove, will be assistant chairman of the event. Chairman is Mrs. Thomas P. Hearne of San Diego.

The fund raiser, Serenata de Mexico, is a joint venture of the Flying Samaritans and the Covey.

Covey is the Women's Committee of the Natural History Museum. Mrs. Hearne is vice president.

The Flying Samaritans is a medical-dental assistance group serving remote regions of Baja California. The S. D. Museum of Natural History is the only one in the far West featuring bilingual information.

La Estudiantina de Arqitectura, a group of talented musician-architects, from Mexico City, will perform at the Serenata de Mexico.

The Covey will use funds to improve its Tactile Mobile Museum. The museum was used last year to aid 200 children in special classes for blind, partially sighted, deaf, and hard of hearing.

The Flying Samaritans will use funds for additional equipment and supplies to remote clinics now served by mobile locker type medical supplies and equipment. TB tests may be added as a result of the fund-raiser. Currently, approximately 60 Flying Samaritans visit Baja California every fourth week-end by 4-6 seat private planes.

Miss La Roche is a member of the Flying Samaritans. She is also on the decoration committee for Serenata de Mexico.

TO WED — Mr. and Mrs. H. G. Pedrini, 7955 Nichals st. in Lemon Grove, announce the forthcoming marriage of their daughter, Rhoda, to Willard Cook.
The wedding is scheduled August 22 at 7:30 p.m. in the Little Chapel of Roses in Chula Vista.
Cook is the son of Mr. and Mrs. Peter Cook of 8228 Lincoln st. in Lemon Grove.
The couple are both 1969 graduates of Mount Miguel High School.
After a honeymoon trip north, the couple will reside in La Mesa.

Grove Women Slate Dinner

Mr. and Mrs. Frank Ellis 1805 Eldora, will open their home for a poolside-patio "share a dish" dinner for members, their husbands and guests of the Business Women's League of Lemon Grove, on Sunday, at 2 p.m.

Dessert will be provided by the hosts for this Ways and Means function, of which Mrs. C. Forrest Baxter is chairman. A $1 per person charge will go toward the group's Plaza Beautification fund.

Mrs. Emil Norman, immediate past president, will hostess a similar dinner preceding the September business meeting.

Water Landscaping

The Grossmont Garden Club will meet at 10 a.m. on Monday at the La Mesa Chamber of Commerce, for its regular meeting.

The program will be a talk by Dr. Lee Phelps, a microbiologist at San Diego State College, on "Landscaping with Water." Guests are welcome to attend.

Net farm income in California will increase about 2% in 1969, and because of continuing decline in farm numbers, net income per farm will increase about 5%, considerably less than the estimated 37% gain of 1968.

Women's History Group Meets

The Covey, Women's Committee of the Natural History Museum, anouced their first fund raiser, the Serenata de Mexico, to be held Saturday evening, August 16, at the Hotel del Coronado Garden patio. The event is presented in conjunction with the Flying Samaritans.

Premiering at the benefit dinner will be a talented group of musician-architects, La Estudiantina de Arquitectura, who will perform later at the Fiesta 200 in San Diego's Old Town.

Chairman for the event is Mrs. Thomas P. Hearne, vice-president of the Covey; she will be assisted by Mr. and Mrs. Donald Pardee of the Flying Samaritans.

Mrs. Maurice P. Turner is in charge of invitations. Reservations will be handled by Mrs. R. S. Minnick, with seating by Mrs. Norman Roberts. Mrs. Stanley French is program chairman, and Mrs. T. T. Tanalski will attend to publicity.

The visit of the singing architects will be hosted by the Thursday Club, whose members will take the visitors into their homes for the duration of their stay here.

The Estudiantina are graduate students from the University of Mexico in Mexico City. Carrying on a tradition begun in Spain over a century ago, the group accompanies themselves on various stringed and native instruments, many of which are as old as the tradition itself.

They wear a colorful costume of blue satin breeches and flowing capes, white hose and patent slippers. Expressing the romantic nature of their appeal, the capes are festooned with multi-colored ribbons, gifts from admirers.

In Mexico they sing each Sunday in Chapultepec Park and at Easter week perform in Taxco. Great favorites and an honored fraternity, this group has made a number of popular phonograph records in their own ountry.

Symphony Performs

Music by American composers will be spotlighted at 8:30 p.m. Friday, when the San Diego Symphony Orchestra performs under the direction of composer-conductor Morton Gould.

The concert, the fifth in the San Diego Symphony's six-concert summer series, will be in San Diego State's Open Air Theatre. The summer series is co-sponsored by the Associated Students at San Diego State.

TV Host Addresses Supper

The producer and host of the local televsion show "Mr. Benjamin Presents", Don Benjamin, will be guest speaker at the second in the Summer Supper Series to be held at the Fine Arts Gallery of San Diego, Balboa Park, August 19 at 5:30 p.m. His topic will be "What About Tomorrow?"

Benjamin has devoted the last 14 years working with the young people, specializing in dancing instruction. He studied under Gene Kelly and has performed at the University of Missouri, The Pittsburgh Playhouse, and under special invitation, before the late President, Franklin D. Roosevelt, at the White House.

During his stint with the U. S. Air Force he was assigned to Special Services and produced and directed shows for servicemen.

He, his wife and three children, reside in San Diego.

A no host Social hour and catered dinner follow the talk. Reservations are required. A fee of $3.50 per person is charged. Please call the gallery for further information.

This series is sponsored by the Membership Committee of the Fine Arts Society, Mrs. John D. McCausland, chairman.

Hardison's Telespanish

by James Hardison

La Asamblea visited Tijuana this past week. Over two-hundred-and-fifty energetic Girl Scouts that made up the Asamblea, clad in green uniforms and wearing a friendly smile, walked across the international border into Tijuana for a one-day-stay. For many of these young girls it was their first time to travel outside the U. S.

They demonstrated a typical feminine trait by spending the first couple of hours "Yendo de compras" (going shopping). As they browsed and bought along the main street they used a barganing phrase, "En la otra tienda es mas barata." (In the other store it is cheaper.) You can imagine how popular that phrase became for all the shopkeepers after hearing it from two-hundred and fifty little ladies.

The Girl Scouts visited the "Consulado Americano" (American Consular Offices), "La Iglesia del Espiritu Santo" (The Church of The Holy Spirit) and a "Jaripeo" (Charro Show).

It was the pleasure of this writer to direct La Asamblea in the tour of Tijuana. Never have I gained more confidence in the capabilities of American youth. Their behavior was a model of perfect American diplomacy and will be long remembered by their hosts. Their singing of "Me Gustan Todos" (I Like Them All) and changing the words to express their thanks to their hosts after a dinner program proves that the Girl Scouts of America are "Siempre Preparadas" (Always Prepared).

Practice phrase below are a salute to the Girl Scouts. You may say them with the recorded voice heard when you dial 276-2762.

IMPORTANT PHRASES:
Say "Estoy preparada." (eh-STOH-ee preh-pah-RAH-thah)
for "I am prepared."
Say "Para servir a mi patria." (PAH-rah sehr-VEER ah me PAH-tree-ah)
for "To serve my country."

USEFUL PHRASES:
Say "Visite Mexico." (vee-see-TEH MEH-hee-koh)
for "I visited Mexico."
Say "Me gusto." (meh goos-TOH)
for "I liked it."

OTHER PHRASES:
Say "Yo regresare." (yoh reh-greh-sah-REH)
for "I will return."
Say "Algun dia." (ahl-GOON DEE-ah)
for "Some day."

Sandwich for Breakfast? — Some people, especially teenagers, complain about or even skip breafast because it is such an ordinary-never changing meal. Perhaps a toasted cheese sandwich or hamburger would perk up the breakfast routine for them. Even a bacon and fried egg sandwich might appeal to the complainers and breakfast skippers, suggest Dairy Council of California home economists.

Veep Agnew Speaker At GOP $125 Dinner

Vice President and Mrs. Spiro T. Agnew will receive San Diego's unique 1969 greeting at the Republican banquet honoring them August 16 — a framed silver 200th anniversary medal for him and a gold anniversary charm for her.

Agnew will be principal speaker at the $125 a plate banquet in Hotel del Coronado, a traditional annual fund-raiser sponsored by the San Diego County Republican Central Committee.

It will be the Vice President's first major speech in the west since his election and his first ever in San Diego.

As head of the nation's space and oceanographic programs, Agnew is being invited to visit the numerous San Diego industries involved in those programs.

The Agnew's visit to San Diego will be part of a western trip that will include the President's dinner for the astronauts in Los Angeles August 13 and a stay at the San Clemente summer White House.

Films Scheduled

A pair of educational dog training films will be on show Wednesday night, free to the public.

The films are scheduled for showing at the Pals n' Gals clubhouse on Troy st. in Spring Valley. Doors open at 7:30 and the films start at 8 p.m.

The films include "Way of a Field Champion" and "Managing of a Whelting." The event is sponsored by the Barr 'D Dog Training Class. Refreshments will also be served free.

Course Offered

A popular clothing selection short course, DRESSING BY DESIGN, provided by the University of California Cooperative Extension Service, will be televised on Station KOGO, Channel 10, each Sunday at 10 to 10:30 a.m., through August 31.

Miss Terri York and Miss Dorothy Gardner, instructors, demonstrate how women can learn to see themselves as silhouettes, forms, shapes, and how this knowledge is the basis of wardrobe planning.

This provides each person with an individual guide for choosing clothes.

Medical Bonus To Potential Donors

Blood donors get a bonus that most of them didn't expect, according to California Medicine, the professional journal of the California Medical Association.

The donor's motive usually is altruistic — helping a fellow man in time of need. The bonus is the short physical examination the donor undergoes before giving his life-saving blood. This examination sometimes spotlights unsuspected medical problems and might conceivably save his own life.

This finding is explored in the magazine's July issue, in an article written by Doctors Bryon A. Myhre, Eugene P. Adashek and William H. Adashek. They are scientific director, medical director and associate medical director, respectively, of the Los Angeles-Orange Counties Red Cross Blood Center, Los Angeles.

The authors say, "Almost all practitioners of medicine look upon the community blood bank as providing a needed local service. Patients who could not have survived in previous years are now living because of the easy availability of blood and blood products.

"Thus, we can truthfully tell donors that they are performing a great humanitarian service since their blood will help someone. At the same time, a donor may benefit beyond the feeling of altruism, for in the process of giving blood he will be subjected tn a moderate medical scanning during which some forms of disease may be discovered in their earlier stages.

"Although by no means the equivalent of a complete history and physical examination performed by his own physician, the cursory examination of a donor has been designed to demonstrate some major disease categories . . .

"What happens medically to a donor when he decides to give blood? First a medical history is taken. Certain questions in this history are designed to elicit information on conditions that might make donating blood inimical to the donor's health. Others pertain to several disease states which might prove harmful to the recipient," the doctors note.

The examination includes recording the donor's temperature, with significant deviations studied; his pulse rate, which sometimes can point to heart problems; his blood pressure, which reveals any high or low blood pressure; and his hemoglobin level, the blood's "iron count." If problems are detected the donor is referred to his own physician.

Even after donation, diagnostic procedures continue, with visual and microscopic examinations of the blood. Such observations at Los Angeles-Orange Counties Red Cross Blood Center have led to diagnosis of unsuspected cases of diseases at leukemia. And all donor bloods must be studied for syphilis.

Besides grouping blood by blood type and Rh factor, the Center "conducts routine screening tests for rare blood groups. By this means we are able to develop a rare donor file which is of great value when rare blood is needed for a patient.

Dear Editor,

On behalf of the students and faculty, may I express our appreciation for your support and coverage this summer of the Head Start Program at the Golden Avenue School.

Please express our thanks to Hamilton Thom, who accompanied us on our trip to Los Angeles via Pacific Southwest Airlines on Saturday, July 19. He was a very helpful "parent" in addition to taking pictures.

Sincerely,
Louis Poluzzi,

Air Pollution Remedy May Come Soon—Van

WASHINGTON — The wind-up auto of childhood days may soon have its counterpart on the streets of California.

That was among several possible developments foreseen by Rep. Lionel Van Deerlin, D-California following State Senate action to ban combustible-engine cars by 1975.

Van Deerlin immediately requested a report on progress by federal agencies involved in researching new propulsion methods. Both the Department of Transportation and HEW's Office of Science & Technology have sponsored studies aimed at reducing air pollution from automobiles.

The most radical departure disclosed to the Congressman was a "flywheel bus." Its developers have assured DOT officials their invention is near the feasible stage.

"A huge flywheel, fabricated through advanced metals technology, is imbedded in the bus floor, like a gyroscope," Van Deerlin said. "The flywheel is set to spinning at unbelievable speed by an external power source. As long as it spins, the bus can draw power from it. The power would last for up to 80 miles of stop-and-go driving — without giving off pollutants."

A number of independent inventors and industries, including San Diego Gas & Electric Co., have produced model cars utilizing natural gas or liquefied gas in place of gasoline. However, Van Deerlin was told that because of its limited range — under 100 miles — gas propulsion is not yet suitable for passenger car use.

A new type of steam engine has been developed for application to autos, the Congressman learned.

"But it will be nothing like the Stanley Steamer our grandparents knew," he said. "It is a highly sophisticated engine using liquids other than water — liquids which can be transformed into steam and produce power within seconds."

Van Deerlin, a member of the House Commerce Committee and a leader in the 1967 fight to strengthen the Clean Air Act, praised the California Senate's action.

"This demonstrates anew the concern we Californians feel about dirty air," he said. "Our state will continue to take the tough steps necessary to lick this problem."

Space-Age Course Set For UCSD

After the moon, what? And how does the space program benefit those of us who will stay on earth?

University of California Extension will offer San Diegans a rare opportunity to hear such men as Nobel Prize winner Dr. Harold Urey and Dr. James Arnold answer these questions this fall in the course, 'Frontiers in Space."

Dr. Urey, a professor of chemistry at UCSD, is considered a leading authority on the moon and is a consultant to NASA's Lunar and Planetary Missions Board for 1969-70.

Dr. Arnold's work in cosmic-ray-induced radioactivities has contributed many new clues to the history of meteorites, cosmic radiation and the solar system.

A professor of physics at UCSD, he is also a consultant to NASA and is a member of the National Academy of Science.

These renowned scientists, who are both presently among those examining lunar samples, are two of ten speakers scheduled to bring many facets of the space program down to earth.

Among the topics to be discussed are technological fallout of the space program, meteorites and lunar samples, impact of the space program on computers and communication and health hazards of space travel.

The course begins Sept. 30 and early registration is advised. Cost of the class is $45 for credit and $30 for non-credit. Class applicant may use BankAmericard to charge courses.

Breakfast Meeting For L.G. Chamber

The regular board meeting of the directors of the Lemon Grove Chamber of Commerce will be held Aug. 26 at the Bowlero.

It will be a breakfast meeting with call-to-order scheduled for 7:30 a.m.

The regularly scheduled first Tuesday of the month meeting was cancelled.

ROTC Vacancy At Mt. Miguel

FORT MONROE, VA. — More than 270 ROTC instructor positions are open to retired Army officers and enlisted men in 108 high schools in 30 states, according to information available to the ROTC Directorate at the U. S. Continental Army Command Headquarters, Fort Monroe, Va.

Included is a vacancy for one enlisted man at Mount Miguel High School in Spring Valley and another vacancy for an enlisted man at nearby Granite Hills High in El Cajon.

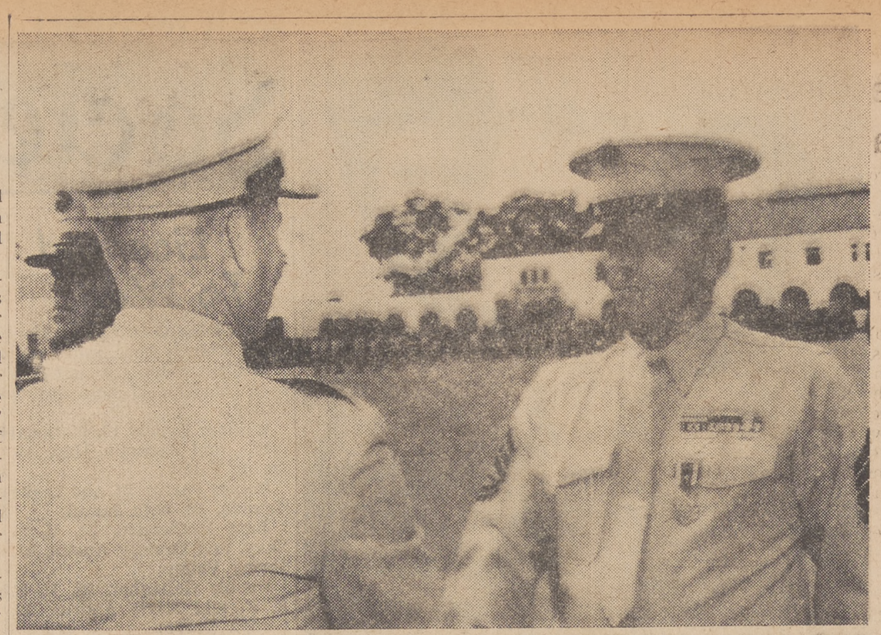
The vacancies are in high schools and secondary military schools having Junior ROTC training units. Some of the instructor positions will be in new units.

Participating high schools reported June 30 that 52 instructor positions are open to retired officers and 220 to retired noncommissioned officers.

Applications for instructor positions must be made directly to the schools, which set their own qualifications and employment policies. The local Army area headquarters review the prospective instructor's service record before final acceptance by the school.

The school pays the instructor at least the difference between his military retired pay and active duty pay. The Army reimburses the school one-half the difference between retired and active duty pay.

To match the calcium in a quart of milk you would have to eat 28 oranges, or 39 eggs, or 27 pounds of potatoes, 7 pounds of carrots, or more than 6 pounds of cabbage!



COMMENDED — Gunnery Sergeant John E. Hall receives congratulations upon being presented the Navy Commendation Medal with Combat "V".
Presenting the medal is Lieutenant Colonel Arthur E. Folsom, Executive Officer, Recruit Training Regiment, Aug. 1, during a parade and review aboard the Marine Corps Recruit Depot, San Diego, Calif.
Gunnery Sergeant Hall received the medal for performing his duties in an exemplary and highly professional manner while serving as Operations Chief attached to Third Battalion, Eleventh Marines, First Marine Division, in Vietnam.
He served in Vietnam from July 1, 1967 to May 28, 1968. Gunnery Sergeant Hall is a Platoon Commander with Company "K", Third Recruit Battalion, Recruit Training Regiment, aboard the Depot.
He resides with his wife, Doris, and children, Bobby, Bert and Kelly at 8915 St. George, Spring Valley.

IRS TAX ANSWERS

F. S. Schmidt, DISTRICT DIRECTOR, INTERNAL REVENUE SERVICE

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q — I occassionally entertain customers by taking them on a fishing trip. Can I deduct anything for the cost of operating my boat?

A — Unless you use the boat more than half the time for business purposes, only gasoline, oil, and other out-of-pocket expenses incurred during the trip for it may be deducted.

If the boat was used more than 50% for business, a portion of your costs of operating the boat, such as depreciation, repairs and general operating expenses, may be taken as a business expense. Records showing the date of each business use, number of persons entertained and similar information must be kept to establish that the boast was used more than 50% for business use.

Q — My son is working this summer for the first time and wants me to open up a bank account for him in his name. Do I use my social security number or his to identify this account? He's just 14.

A — Use your son's Social Security number. Interest earned on the account is income to your son and therefore should be identified by his account number.

Q — I made a payment on my taxes which is not reflected in the bill you sent me. What should I do about it?

A — Reduce your bill by the amount of the payment and pay the balance. To enable us to properly credit your account indicate on the bill the amount of your payment, the date paid and where it was sent.

When making tax payments write your Social Security number and the kind of tax you are paying on your check or money order.

Q — If I don't make a contribution this year to the self-employed retirement plan my partner and I have set up for our business will the plan lose its favorable tax status?

A — No, the fact that you make no contribution to the plan this year will not disqualify it. If you have any other questions about your plan, send a post card to your district director of Internal Revenue and ask for a copy of Publication 560, Retirement Plans for Self-Employed Individuals.

Q — My college says in a brochure it sent me that if I make a charitable donation of stock on which I show a profit, I won't have to pay any tax on that profit. Is that right?

A — Yes, a tax deduction may be taken for the full market value of the stock on the date the donation was made. And there would be no income tax on the increase in value.

Q — Does the taxpayer get paid any interest on the amount due him when the government is late issuing an income tax refund?

A — Yes, interest is added to overpayments that are not refunded within 45 days of the due date of the return or the date the return is filed, whichever is later. The interest rate is 6 percent per year.

Satellite Center Planned

Approximately one-half acre on the southwest corner of College ave. and Federal blvd. in the College Square Service Center in Lemon Grove was purchased for $105,000 by Quarterback Clubs West, Inc. from Harbor Management Corp. of La Mesa, developers of the shopping center.

Robin Dean and Paul Petit of Coldwell, Banker & Co. represented the seller, and the buyer was represented by Bob Crisell of the same firm.

The new $1.5 million center is planned as a satellite to the nearby College Grove Shopping Center, according to B. James Polak, president of Harbor Management.

According to Dean, Quarterback Clubs plans immediate consruction of a family restaurant on the site. The center has 25,000 square feet of stores now under consruction or about to begin construction. The tenants will be Stanley Andrews Sporting Goods, Sneeker Inns shoe store, Hanna's Old-Time Pie Shop and a pizza parlor.

Coldwell, Banker & Co. is the exclusive leasing agent for College Square Service Center.

Work Specialty With Minnick

Donald Lee Minnick is the backbone of his own Minnick Specialties on Lester st. in Lemon Grove.

The company, which specializes in custom-made formica counter-tops, has been at the Lester st. address since December, with Minnick and his wife, Gail, carrying a lion's share of the workload.

After working for Aapco, Inc., in San Diego, Minnick decided to go into business for himself. This he did, 2½ years ago.

He moved into his newest location after building the 1500-square-foot structure by himself in four weeks and now has so much business he plans to expand.

"We don't have enough room now," he said. Present plans call for an expansion of the existing facilities sometime after the first of the year.

Minnick handcrafts the company's products, while Gail handles the bookwork. Minnick also employs two others, Russ Mangele, an installer, and Dain Norman, a helper.

Originally from Toledo, Ohio, Minnick moved to California in 1954 and has lived in Lemon Grove since 1960.

Minnick and his wife live just two blocks from their business, at 8019 Darryl st They have three children, Deena Ray, 10, Tammy, 7, and Donna Lee, 6.

Help Taxes Must Be Paid

Housewives who pay some one $50 or more for household services during any three month calendar quarter must report these payments and pay the Social Security taxes due to the Internal Revenue Service.

F. S. Svhmidt, District Director for Southern California said the quarterly report for April, May and June is due July 31 .

The Social Security tax on household wages is 4.8 percent for the employer and 4.8 percent for employee. When the quarterly tax form is filed, a check or money order representing 9.6 percent of the cash wages reported for the period should be included with the return.

Form 942, Employer's Quarterly Tax Return for Household Employees, is used to report the Social Security taxes due. After the first one is filed, a copy of Form 942 is mailed to every employer in time for the next quarterly report.

Schmidt said that anyone who hires a maid, cleaning woman, cook, governess, housekeeper, caretaker, gardener or chauffeur will be liable for Social Security taxes if cash wages of $50 a quarter are paid to one employee.

Money given to employees for carfare is to be counted in total wages paid. However, the value of meals is not included.

You can obtain the tax form you need — 942 — from your Internal Revenue District Office. The instructions are printed right on the form including tables showing how much Social Security tax you should be withholding.

Renewing Sweets — There's nothing like sour cream to revive tired, dry cake, cookies or cupcakes. Mix sour cream with jelly, jam, canned fruit or confectioner's sugar and use it as a topping, suggest Dairy Council of California home economists.

NEW DJ — Tom Irwin will celebrate his 20th birthday this month by becoming a professional disc jockey. Irwin, who was graduated last year from Mt. Miguel has been studying for his 1st Class FCC Radio-Telephone Operators License at the William B. Ogden School in Huntington Beach. He is shown, above, displaying the usually elusive certificate.
Irwin starts next week as dj and news announcer for radio station KYOS, Merced. He is presently filling in on KDIG, San Diego, in the 10 p.m.-2 a.m. slot.
Irwin, who lives at 3642 Fairway dr., plans to join the BOSS radio chain of 25 stations with an adult popular music program within a year. Eventually, he says he will go into tv with a children's program. He attended the Long Beach school 9 months to earn his diploma and FCC certificate.

Local Carnival Funds Aid Dystrophy Fight

Today is the last day of a local backyard Carnival Against Dystrophy.

The four-day carnival, organized and staged by local youngsters, began Monday and concludes today at 2369 Cypress ave. in Lemon Grove.

The carnival, with all proceeds going to aid the fight against dystrophy and related diseases, begins at 12:30 p.m. today.

Serving as ringmaster is Alma Elizabeth Mason, daughter of Mr. and Mrs. L. E. Mason of the Cypress ave. address.

She is assisted by Cindy Herrick, Randy Herrick, Kenny Herrick, Mindy Manness, Patsy Manness, Kim Herrick and Mrs. Mason.

The carnival features such games as leaf in a basket, pie toss, penny pitch, ring-a-duck, tin target, bean bag toss, fortune teller, haunted house and milk bottle drop.

The children got their ideal for staging their event while watch TV personality Johnny Downs who is promoting the carnivals on the Johnny Downs Show on KOGO TV.

Last year, in cooperation with Muscular Dystrophy Associations of America, more than 20,000 carnivals were held by children across the country, and over $353,000 was raised for MDAA's research and patient service programs.

'higher on coast' Begins Tonight

The world premiere of a freshly styled theatrical presentation will be staged Thursday, by the Old Globe Theatre. "*slightly higher on the west coast" was conceived and directed by Craig Noel. Performed by a professional acting company, "*slightly higher on the west coast" is scheduled for a limited run at the Cassius Carter Centre stage, adjacent to the Old Globe Theatre in Balboa Park.

Authors Frances Bardacke and John Sinor have compiled vignettes from seventy-seven authors reflecting many aspects of California. Historical beginnings are contrasted with contemporary life. Unusual characters, significant occurrences, challenging ideas and conflicting beliefs have been capsuled into humorous and dramatic episodes.

Eighteen songs will bridge the kaleidoscope scenes with music from the past as well as the popular tunes of today.

Performing a variety of characters in "*slightly higher on the west coast" will be Anne Archer, Marie Calkins, Wally Chappell, Suzannah Jordan, Dennis Collins Johnson and Clyde M. Phillips.

Performances of "*slightly higher on the west coast" are scheduled nightly except Monday with matinees on Saturdays and Sundays.

The Cassius Carter Centre Stage is the only intimate theatre-in-the-round in San Diego especially designed for the purpose. Recently re-constructed at a cost of more than $100,000, the 245 arena theatre was named after a former resident of San Diego. Cassius Carter was an enthusiastic advocate of the performing arts on an authority on Shakespeare. He was a widely respected attorney and served as district attorney during the early years of the twentieth century.

SDS Hosts Writers' Workshop

San Diego State College hosts its annual Writers' Workshop beginning Monday.

The workshop is scheduled for two weeks, and includes lectures by professional writers in all facets of writing.

Anyone over 21 or any high school graduate can enroll in the workshop. Tuition is $23.50 per week plus $3 in fees.

The workshop is designed to expose the hopeful writer to an atmosphere of professionalism. It is not a series of lectures on the academic aspects of literature, but a presentation of concrete suggestions on new ways to look at fiction and nonfiction.

Noel M. Loomis, director of the workshop, has written over fifty books, including fiction and nonfiction. He founded the workshop in 1963.

Scheduled to speak are Ruth Boyer Scott, a writer for the National Institute of Health Services, and Alice Wellman Harris, a writer for a number of major magazines.

For information and literature, call the English Dept. at San Diego State at 286-5443.

Spring Valley Man Completes Ordnance Course

Sixteen students, including a Spring Valley man, completed the special course in Explosive Sabotage Devices Detection presented at the County's Civil Defense Training Center, Gillespie Field, according to W. B. Marty, administrative Officer for Civil Defense.

Completing the course from Spring Valley was Stanley W. Mourning, 8873 Lance ave., a member of the Spring Valley Fire Protection District.

The course was restricted to full time Law Enforcement Officers, Fire Department personnel and representatives of Industrial Security Departments in local industry, who have completed a prior course in Explosive Ordnance Reconnaissance, Marty said.

Those completing the course know the techniques and information about the identification and disposal of explosive type war souveniers and dangerous devices.

Instructors from the 70th Ordnance Detachment, USA, Fort Rosecrans, were Lt. Lawrence Wright and Sgt. R. L. Keel.

Art Planned For Blind And Sighted

Lowell Davies, Chairman of the California Arts Commission, announced plans to sponsor a gallery of fine art specifically designed for the blind and sighted.

The exhibition will tour California beginning in January 1970 at the M. H. deYoung Museum in San Francisco and will be composed of works of art which have been loaned from the major museums, art galleries and private collections in California.

Recognizing the special needs of the estimated 110,000 visually handicapped in California, the Commission is designing an exhibition which will not only encourage both the blind and sighted to participate in a unique museum experience, but will also provide information and exposure to works of art which have not been made available to the blind before.

The exhibition which will be documented in Braille and offer audio aids and study centers for the blind will be exhibited at locations throughout the State including the Los Angeles County Museum of Art, E. B. Crocker Art Gallery in Sacramento, Fresno Art Center and Fine Arts Gallery in San Diego during 1970.

The program, which is the first touring exhibition of its kind, will be funded in part by the Commission.

Application has been made to the Office of Health, Education and Welfare for a grant in the amount of $25,000, and the Commission is hopeful that this assistance will be granted.

Mrs. Richard W. Call, Chairman of the Commission's Visual Arts Committee, meeting with Mrs. Ronald Reagan to present the plans for the exhibition said, "The California Arts Commission by providing a touring exhibition for the blind not only fills a long standing need in the blind and the arts community, but has provided an example and incentive to the California museums to continue this work by creating permanent collections designed for the blind as well as the sighted."

In anticipation of the program, Miss Dorothy Misbach, Consultant in the Education of the Visually Handicapped for the Department of Education stated, "Having a gallery where blind and partially seeing children can tactually examine the works of art sounds very exciting. This should prove to be a satisfying experience for both children and adults."

TRAINING — Brad Sumner, left, Diana Webb and Libbie Lamb read from filmstrips in order to help develop reading skills. Mrs. Maxine Holtman, Brier Patch School summer session teacher, assists.

Study, designed to meet special needs, is carried on in the individual study carrels. Two Brier Patch classes are part of a summer workshop for teachers of educationally handicapped children.

LMSV Works To Aid Handicapped Students

Educationally handicapped children will benefit from improved instruction as a result of activities currently being undertaken in a workshop sponsored by the La Mesa-Spring Valley School District in cooperation with the University of California at San Diego County Hospital, the San Diego County Department of Education and San Diego State College, according to Dr. Martin Gerstein, LM-SV director of pupil personnel services.

The workshop's four-phase program provides for identification of learning problems of participating children, tutorial instruction of the youngsters by teachers enrolled in the workshop, and the production of materials and participation in an in-service training program by participants, Gerstein said.

The workshop is funded under provisions of Title III, Elementary and Secondary Education Act.

Educationally handicapped children according to Gerstein are those who are of normal or above average ability but who, because of neurological and emotional problems, do not perform at a satisfactory academic level. He said many children suffer from distortion of their visual and auditory perceptions.

"Aim is to try to help these children so they will return to the mainstream of public education," Gerstein said. "We don't want them to be handicapped all their school lives. Their handicaps are complex and often defy remediation.

"Through this program we are able to focus the most advanced medical, psychological and educational facilities and skills on their problems. Improved instruction should result."

Project will run through three consecutive summer sessions with some teachers participating all three years.

Gerstein said the workshop directors are Mrs. Carolyn Kenny, La Mesa-Spring Valley School District psychologist, and Dr. Clayton L. Bennett, San Diego County special education coordinator. Children in the program are drawn from East County School Districts.

Workshop members are working with two classes for the educationally handicapped housed at Brier Patch School in La Mesa. Children's teachers are Mrs. Maxine Holtman and Mrs. Claire Lensink. John Powers, district psychologist, is also assisting.

Diagnosis and tutorial instruction are being undertaken at the University Hospital Learning Disability Clinic and in-service sessions are held at the San Diego County Department of Education, Gerstein said.

Thirty participating teachers include Mrs. Donna Hare, Lemon Grove School District; and Mrs. Phyllis Allen, Robert Randolph, Miss Kathleen Reinbold, Miss Ann Spraker, Mrs. Virginia Zysk, Mrs. Mary Carlson, Richard Davis, Mrs. Fern Lewis, Mrs. Ellen Roche and Mrs. Mary Smith, all of the La Mesa-Spring Valley School District.

All workshop participants will be teaching educationally handicapped students in the fall; some are already in the program.

Mike Jones Awarded Scholarship

Harlingen, Texas — The Superintendent of the Marine Military Academy, Brigadier General Hunter Hurst, USMC (Ret), has approved and released a portion of the Scholarship Program for the 1969-70 academic year.

Among the scholarship recipients was Michael Henry Jones of Spring Valley.

General Hurst, in announcing the Program said "the Scholarship Program of the Academy presents us an increased opportunity for selecting candidates of the finest character and intellectual promise. It would be extremely shortsighted on our part to permit the economic status of candidates to become the decisive factor in considering their admission."

General Hurst explained that "the Academy is determined to do everything possible to accept students who meet MMA's high standards even though their families may not be in a position to pay the full costs of their education.

"Only by making the moral and scholastic qualities of each applicant the prime criteria for judging him can the Academy fully live up to its responsibilities in an age when our country demands trained brain power."

General Hurst emphasized that a few scholarships have not been awarded as yet and that "it will be a shame if some deserving youngster does not receive one due to a lack of awareness of the Program before the academic year commences on Aug. 27."

Humphries Gets Art Diploma

Lawrence E. Humphries, 3823 Calavo dr., Spring Valley, has graduated from the Famous Artists School of Westport, Connecticut. Humphries specialized in fine arts painting during his three year course with this home study school.

Directing the art course is a faculty of distinguished artists among whom are Norman Rockwell, Fletcher Martin and Dong Kingman.

SV Kiwanis Hears Plans For Talk

The Spring Valley Kiwanis Club held its weekly breakfast-meeting, July 30 at Golden Bowl banquet room. It was an interclub meeting with several members of the Lake Murray and La Mesa clubs.

Paul Yee, president of the Spring Valley club, announced the annual Kiwanis District 31 picnic will be held August 10 at Pine Valley, from 10 a.m. to 3 p.m.

The Spring Valley club will be this year's host. During the day there will be election of a new Lieutenant Governor for the District, succeeding Frank Berger, who (from the Spring Valey club) has served for 1968; and a new Lt. Governor-elect.

At the July meeting of the Spring Valley club, member Frank Rose was appointed historian of the club. It was announced also that Hoyt Brown, club treasurer, is to go into Grossmont Hospital for surgery.

John Davis of the La Mesa club, and a former Lt. Governor of District 31, gave a short talk on a trip he and Mrs. Davis took in Asia. He said in all the trip they boarded six different airlines.

La Jolla Mile Draws Crack Field

DEL MAR — A crack field of 3-year-old stars is being readied for Saturday's 29th running of the $15,000 added La Jolla Mile, second stage for the sophomore division preparatory to the Del Mar Derby on Aug. 23.

N. Bunker Hunt's Derby Day Boy, surprise winner of the six furlong Oceanside Handicap here on July 26 in a smashing come-from-behind effort will be back again to try the longer distance and red-hot apprentice Rudy Rosales is sure to be at the controls.

However, the class of competition is expected to be considerably stiffer this trip. Trainer Charlie Whittingham will definitely start Forked Lightning Ranch's Noholme, Jr., the colt who upset his stablemate, Tell, in the nine furlong Cinema Handicap last month at Hollywood Park.

Tell, too, might take a shot at the La Jolla, although the talk is he is being reserved for grass races at Del Mar with the Cabrillo Handicap on Aug. 22 as his immediate objective.

There is a strong chance the syndicate-owned Fleet Allied, hero of the 1968 Del Mar Futurity, will go in the La Jolla. If he should make the flying trip from Chicago, Fleet Allied will add a new spice to the one mile special, for he is particularly partial to the Del Mar racing strip.

Valley Soxers

Spring Valley Bobby Sox Minor Tournament Team enters regional playoffs Saturday at Spring Valley.

The team meets Mesa Del Sol at 10 a.m. on the field at the Bancroft School on Tyler st.

Winner of District 1 will have a playoff with the winner of District 2, which is being played at Vista.

Monarchs Clinch Summer Championship

Water Ski Championships Scheduled

The Hilton Inn on Mission Bay in San Diego, California will be host to American Water Skiing Association sanctioned "Tournament of Champions" on the weekend of August 16-17. Co-sponsors will be San Diego Mission Bay Boat and Ski Club and Mission Bay Associates.

Schedule of Saturday events, commencing at 9 a.m., are Senior Women's Slalom, Women's Slalom, Senior Men's Slalom, Senior Women's Trick, Women's Trick, Men's Trick, Senior Men's Jump, and Boy's Jump, folowed by Awards Banquet and entertainment at the Hilton Inn, 8 p.m.

Boy's Slalom will be the first event of Sunday's schedule, beginning at 9 a.m., and followed by Men's Slalom, Senior Men's Trick, Boy's Trick, Senior Women's Jump, Women's Jump and Men's Jump.

The invitational tournament is class "C" and will be run according to the 1968-69 AWSA rules; girls and women will ski in a combined Women's Division.

Among those who have accepted invitations to participate is San Diego's champion Stephenie Shackelford, former Stephenie Stephens, High-point winner in 1968 T.O.C. and over-all winner in the Women's division T.O.C. in 1968-1967-1966.

KFMB Airs Rams, Bruins

KFMB RADIO will broadcast all pre-season and league games of the NFL Los Angeles Rams and all regular season games of the UCLA Bruins Football team in 1969, Edward J. Peters, Manager KFMB AM-FM announed.

"We're proud to add the Rams and Bruins broadcasts to our own schedule of outstanding San Diego sporting events", said Peters. KFMB also originates play-by-play broadcasts of all San Diego Rockets National Basketball Association games, as well as coverage of such events as the annual San Diego Cup Unlimited Hydroplane race, which becomes the Gold Cup race for the first time this year.

In addition, KFMB carries exclusive radio accounts of NFL championship playoffs, the Cotton Bowl, the Masters Golf Tournament, and the Triple Crown of Horse Racing. Says Peters, "KFMB Radio, as always, will continue to bring its listeners the top sports events throughout the year."

Run Scheduled

Dirt and macadam trails and roads in Balboa Park will constitute the entire course for the Pacific Southwest Amateur Athletic Union's 15th Annual Balboa Park distance runs on Saturday, Aug. 16 starting at 8:30 a.m.

Open and senior divisions will compete in two eight-mile runs. There will also be a novice three-mile run open only to those 16 or younger.

The meet, offering three trophies and 15 medals to those who finish far enough up front, will be conducted by the San Diego Track and Field Association in cooperation with the San Diego Recreation Department.

Entries close on Aug. 15 with Don Coleman, 10050 Pandora dr., La Mesa.

National Jr. Olympics Scheduled This Month

San Diego, thanks to its 200th Anniversary Celebration, will be the site of the third annual Amateur Athletic Union National Junior Olympic Championships in swimming, diving, track and field, and gymnastics on August 19, 20 and 21.

Some 600 boys and girls from 11 through 18 years of age will be flown here from all 50 states of the Union and all 56 district associations of the AAU by Quaker Oats Co., the national sponsor.

The Pacific Southwest Association of the AAU, which wil conduct the nationals in cooperation with the cities of San Diego, National City and Coronado, and San Diego State College, is currently qualifying athletes for the finals in all four sports.

Proceedings will begin with opening ceremonies at San Diego State's Aztec Bowl on Aug. 19 at 8 p.m. including a parade of athletes, Olympic torch lighting ceremony and introduction of athletic celebrities and Junior Olympic officials.

One-meter diving championships for boys and girls in the 11-12 and 13-14 age groups will begin Wednesday, Aug. 20 at 9 a.m. at San Diego State College pool. The same group will compete in three-meter diving at 1:30 that afternoon, but this event will not be a national championship.

Track and field heats for boy and girl in the 16-17 year group follow at 2 p.m. on Aug. 20 in Balboa Stadium with finals that night at 8.

Gymnastics compulsory events for boys and girls 13-14 and 16 through 18 begin Thursday, Aug. 21 at 8 a.m. at State College's Peterson Gymnasium with optional events that afternoon at 2.

Swimming heats for boys and girls 11-12 and 13-14 start at 9 a.m. on Aug. 21 at the National City Municipal Pool, finals following at 2:30 that afternoon.

Coronado will host a beach party and dinner for the entire Junior Olympics contingent the night of Aug. 21.

Standout athletes expected here include 60-foot-plus shot putter Steve Adams from New Jersey; 24-foot long jumper Allan Hart of Kansas; :09.7 sprinter David Holmes of Colorado; and record-breaking girls sprinter Mary Vliet of New Jersey; butterfly breaststroke swimming sensations Sharon Berg aand Dawn Nakanishi, both of Santa Clara Swim Club; and Kathy Dennison, defending National Junior Olympic gymnastic champion on the balance beam from Minnesota.

San Diego Recreation Department Recreation Superintendent Jack Krasovich is general chairman for the National Junior Olympics here. Chairman of events are Dr. George Holland for swimming, Ralph Smith for track and field, Ed Franz and Bill Shaffer for gymnastics and Stan Kistler for diving.

Copley Y Invites Kids

Camp Pow Wow, day camp at the Copley YMCA, 3901 Landis st., is in full swing. Activities this year include bowling at the University Lanes and swimming in our indoor heated pool.

In our natural canyon behind our YMCA building, boys and girls learn nature crafts, build fortresses and establish their tribal name and area.

This program is designed to enrich the youth's summer with meaningful experiences. During the summer there will be trips to Sea World, the Zoo, Scripps and many of the interesting sites of San Diego.

All boys and girls are invited to participate who will be in the first thru sixth grades as of fall, 1969. Come and join the fun with Camp Pow Wow. For further information please call 283-2251.

Rockets Add 5 Cities To Itinerary

SAN DIEGO — The San Diego Rockets will visit five other cities throughout the nation besides the regular league cities during the 1969-70 National Basketball Association season, according to the official league schedule released today.

The San Diego club, in their third season in the NBA, will play 44 games on the road and 38 at home. They open at Phoenix against the Suns, October 16, then travel to San Francisco for an October 18 bout against the Warriors at the Cow Palace before returning home to play Lew Alcindor and the Milwaukee Bucks, October 22, at the San Diego Sports Arena.

The Rockets will visit Houston, Texas, on three occasions, playing Milwaulkee, January 22; Baltimore, February 16; and Philadelphia, March 9. They will also meet San Francisco at Salt Lake City, Utah, November 10; Milwaukee at Madison, Wisconsin, December 14; Seattle at Eugene, Oregon, February 18; and Chicago at Kansas City, Missouri, February 23.

Coach May Be Due For Double-Duty

By SCOTT McGAUGH

Coach Felix Rogers may find himself with two games to coach tomorrow night.

The occasion is the prep All-Star game, featuring last year's top City and County hoop stars. Rogers is already penciled in as county coach for that game.

But, on the same bill, as the first half of a doubleheader, is the annual summer-league championship playoff game.

And it is there that Rogers, the coach of Monte Vista's surprising Monarchs, may find himself bound for double duty.

Monte Vista clinched its first place finish ever last week as the Monarchs' summer league squad ran their record to 11-1.

This time last summer the Monarchs were just 3-9. To date this year however, Monte Vista has won eleven in a row and will make the league playoffs.

In last week's action, Monte Vista sunk the Coronado Islanders, 66-39.

They then topped that by dunking the El Capitan Vaqueros, 95-65 in piling up the largest point total of the season while placing five players in double figures.

Monte Vista completes their summer season this week against the Lincoln Hornets and then will prepare for the league play-offs.

To date the pairings for the play-offs haven't been announced but Monte Vista will play either the first or second place finisher of the other conference.

St. Augustine could reach tde finals from the other conference with Madison also being a threat.

All league games this summer have been played at the San Diego Municipal Gym. The league finals however, are slated for August 8 at Grossmont College.

And with Jim Bristol and Bill Belander leading the Monarchs all summer, Monte Vista hopes to make the trip for the school's first championship.

Walton Hurt; Replaced For All-Star Game

Bill Ferguson of Grossmont High School has been added to the County team for the Second San Diego All-Star Basketball Classic, according to Bob McInerney, director of the Breitbard Athletic Foundation, which sponsors the game.

Ferguson is a replacement for Bruce Walton of Helix. Walton had an operation just before the end of the school year and can not play in the game.

The All-Star Classic will be played Friday night, August 8, at 8:30 p.m., at the Grossmont College Gym as the feature game of a doubleheader. The first game will be the finals of the Summer League competition at 7 p.m.

Ferguson is 6-5 and weighs 190 pounds. He was an All-Grossmont League selection in both basketball and football in his senior year.

The County Stars are working at Grossmont College from 6 to 8 p.m. The practices are open to the public.

Tickets for the game are $2 and are available at Stanley-Andrews Sporting Goods, the Hall of Champions in Balboa Park and Crosthwaite Athletic Supply, as well as at Grossmont College on the night of the game.

Padres Seek Boost; Slate Contests, Prizes

SAN DIEGO — In an effort to boost disappointing attendance figures, the San Diego Padres have announced several attractive events at San Diego Stadium for the current home stand.

A unique "People Counting" contest will begin with the opening game of the home stand with television sets as daily prizes and a 1969 automobile as the grand prize. Fans attending each game will be furnished with blanks on which to record their "guesti mates" of the total paid attendance for that particular night.

The first night winner, determined by the closest guess, will receive a TV set and will be the leader in the race for the car. The second night winner will also be awarded a TV set and if his guess is closer to the total paid figure than the previous night, he will be the new leader. The winner and the figure to beat from each night will be announced on the message board the following night.

It is not necessary to purchase a Padre ticket in order to participate in the contest. Fans entering San Diego Stadium free of charge after the seventh inning will be furnished with contest blanks.

Under the "leader" system, it is possible to win the car on any night including the first and last nights of the contest.

Other special events during the home stand include Teen Dance night tonight. Following the game between the Padres and the Cardinals, teenagers will be invited to dance until midnight to the music of The Surprise Package. As an added attraction, 1,000 of the group's record albums will be given away.

Sunday will be Camera Day with the Padres. Fans will be permitted to meet Padre players personally and take pictures prior to a doubleheader with the Pittsburgh Pirates. Special two-for-one ticket order blanks for Camera Day will be available at Chrysler-Plymouth dealers in San Diego County.

Junior World Golf Champs Scheduled

SAN DIEGO — Junior champions from at least four nations will compete in the second annual Junior World Golf Championships / Aug. 25-29, Mrs. A. S. Smith, tournament director, announced.

They are Laurie Been, Israel; Jose Lara de Sousa e Melo, Portugal; Dennis Guise and Sally Beadle, New Zealand; and Dale Hayes, South Africa.

Been, of Herzlia Pituach, Israel, Guise, a scratch player from Wellington, and Miss Beadle, a one-handicapper from Wanganui, are among the most recent entries received.

"We don't know yet if our field will be larger than last year's, but we do know that we will have a stronger field, particularly in the 15-17 division," Mrs. Smith said.

Entries have been arriving at Junior World headquarters at the rate of 20 per day, and Mrs. Smith predicted from 450 to 480 boys and girls would compete in the four age groups.

Entries closed August 4, Mrs. Smith said.

"If we have openings in some divisions we may accept a limited number of late entries," she added.

The Junior World will be played on Torrey Pines South, Balboa Park, Mission Bay and Presidio Hills golf courses.

The two lower age divisions — 11-12 and 10-and-under — will play 54 holes, Aug. 25, 26 and 28. The older groups — 13-14 and 15-17 — will play 72 holes, Aug. 25, 26, 28 and 29, although the fields will be cut for the final 18.

At least 20 states and 11 foreign nations will be represented in the Junior World. Other countries expected are Japan, Australia, England, Lebanon, Rhodesia, Canada and Mexico. Four more are tentative.

Among the states Arizona leads with 10 entries, Hawaii and Nevada with nine each, and Colorado and Texas with with six apiece.

Other states represented thus far are Iowa, Utah, Michigan, Minnesota, Illinois, Oklahoma, Washington, Indiana, Ohio, South Dakota, New York, Florida and Louisiana.

Handball Deadline

Entries close Aug. 8 at all San Diego Recreation Department play-ground operations for the fifth annual Boys City Handball Tournament to be held on Aug. 13 at Taft Junior High and Aug. 14 at Kearny High School starting both days at 10 a.m.

Junior high boys will compete at Taft and high school boys at Kearny.

Trophies will be awarded to first, second and third-place finishers in each division.

NOTICE OF PROPOSED CHANGE OF ZONE CLASSIFICATION

A public hearing will be held by the San Diego County Planning Commission in Room 358, San Diego County Administration Center, 1600 Pacific Highway, San Diego, California, on Friday, August 22, 1969, at 9:00 a.m., on a proposal to reclassify all or part of the hereinafter described property in the La Presa Zoning District from the E-1 Estates Zone to the R-2 and R-3 Residence Zones and the C Business Zone, or more restrictive zones, in accordance with the Zoning Ordinance of the County of San Diego.

Said property contains about 158 acres and is all that property located in Section 25 of Rancho de La Nacion, including property north of Paradise Valley Road, Sweetwater Road, and at both the southeast and southwest corners of Paradise Valley Road and Sweetwater Road, excepting the area southeast of the northwest right of way line of the South Bay Freeway.

The area of said property requested for change to the C Zone contains about 4.4 acres and is located north of the Sweetwater Road-Paradise Valley Road intersection.

The area of said property requested for change to the R-3 Zone contains about 15 acres and is located north of Sweetwater Road-Paradise Valley Road, on both sides of the above described C Zone to the east and west boundary line of said property.

The remaining area of said property is requested for change to the R-2 Zone.

Said hearing will be held pursuant to the application of Triple "K" Developments, Inc., on file in the office of said County Planning Commission, Room 207, County Administration Center, San Diego, to which reference is made for further detail. At said hearing any interested person may appear and be heard.

NOTICE OF DEFAULT AND ELECTION TO SELL UNDER DEED OF TRUST

NOTICE IS HEREBY GIVEN: That HOME FEDERAL SAVINGS AND LOAN ASSOCIATION OF SAN DIEGO, CALIFORNIA, a corporation, is trustee under a deed of trust substituted in place of HOME DEED & ESCROW CO. OF SAN DIEGO, a Corporation executed by ABBOTT R. MASTERS JR. and MARTHA L. MASTERS, h/w, as to an undivided ½ int. and JESSE R. NUTT and MARIRITA R. NUTT, h/w, as to an undivided ½ int. dated June 26th, 1961 and recorded July 11, 1961, file no. 118157, series 2, book 1961 of official records in the Office of the Recorder of the County of San Diego, State of California, and given to secure payment of a promissory note for $17,000.00, dated June 26, 1961, payable with interest thereon as therein provided, in favor of HOME FEDERAL SAVINGS AND LOAN ASSOCIATION OF SAN DIEGO, a California Corporation.

That a breach of the obligations for which said deed of trust was given as security has occurred in that the following payments due upon said note were not paid when due, and still remain due, owing and unpaid:

The monthly installment of principal and interest due June 22nd, 1969, and subsequent installments due thereafter, thereby declaring the entire principal balance of $13,068.79 due and payable, together with interest thereon from May 22nd, 1969, at the rate of 8%, and late charges as set forth in said deed of trust, and together with any and all sums advanced by the Beneficiary under the terms and provisions of said deed of trust and delinquent taxes, assessments and insurance premiums, if any.

That by reason thereof, the undersigned, present beneficiary under said deed of trust, has executed and delivered to said trustee a written declaration of default and demand for sale, and has surrendered to said trustee said deed of trust and all documents evidencing obligations secured thereby, and has declared and does hereby declare all sums secured thereby immediately due and payable, and has elected and does hereby elect to cause the property described in said deed of trust to be sold to satisfy the obligations secured thereby.

Fiesta Seeks Local Talent, Rock Bands

Fiesta 200 is launching a search for local talent to provide free entertainment at the six-acre Mexican entertainment center in Old Town.

"We're interested in any kind of talent," Art Moss, Fiesta 200 general manager, said "but we're especially on the lookout for rock and rol groups for a sort of battle of the bands."

"Fiesta 200 is the perfec spot for some of our local amateur groups to perform" Moss said. "We have built-in audience here that they jus wouldn't find many other pla ces."

"The idea is to stage a kind of talent contest with trophies prizes and season passes to Fiesta 200 awarded to winning groups," he said.

Groups and individuals interested in appearing at Fiesta 200 should call 291-4163 and ask for a date on the schedule Moss said.

Fiesta 200 currently lists some 200 shows and attractions, including daily performances of the Aztec Pageant of the Sacrifice of the Indian Maiden, featuring Los Voladores, the flying Indians of Papantla; the Fiesta 200 Ballet Folklorico, the Marionettes of Mexico and the Magic of Mexico.

Other attractions at the park include bullfighting and roping demonstrations, travel films of Mexico, a Mexican organ grinder, 74 shops and bazaar booths, art galleries, refreshment cantinas, dancing nightly in the Bazar Pico and entertainment on the Plaza Rosa stage.

Visitors to the center can also watch Mexican craftsmen performing their ancient skills of glass blowing, copper working, wood carving, yarn painting, cloth and basket weaving and working of gold, silver and precious stones.

Fiesta 200 is open Mondays through Thursdays noon to 10 p.m., Fridays noon to 11 p.m., Saturdays 10 a.m. to 11 p.m. and Sundays 10 a.m. to 10 p.m.

VIP summer passes to the area, allowing any four persons entrance to all the park's attractions as many times as they desire through Sept. 1 may be purchased for $5 at the Fiesta 200 box office.

Single-day admission is $1.50 for adults and 50 cents for juniors 12 to 16. Children under 12 are admitted free if accompanied by an adult.

Daily show schedule information may be obtained by calling 291-4545.

College Schedules Cruise

A moonlight cruise on San Diego Bay will climax the events and activities of Grossmont College's Summer Session, when summer school students and their guests embark on the S. S. Marietta, Friday evening.

Summer school students and their guests are scheduled to sail from the foot of Broadway at 8 p.m. for the three-hour cruise that will feature live music for dancing or listening. Soft drinks will be available throughout the cruise.

Free tickets for the moonlight cruise, sponsored by the Associated Students of Grossmont College, are available for students and they may purchase tickets for an unlimited number of guests for a small fee for each guest.

Arrangements have been completed to charter a sister ship if the number of "sailors" exceeds the capacity of the 350-passenger S. S. Marieta.

Chargers, Saints To Battle Saturday

The San Diego Chargers and New Orleans Saints collide at San Diego Stadium Saturday night in a new style of intracity rivalry.

Kickoff is 8 o'clock.

For three years the teams have engaged in scrimmages, and for three years the scrimmages have been marked by hot tempers and brawling. In one full-team melee last year, San Diego coach Sid Gillman was decked while attempting to be a peacemaker.

So the stage is set Saturday night for the first true confrontation between the Chargers and Saints.

Gillman, who cancelled the last scrimmage between the teams two weeks ago, because "I'm interested in playing football not fighting," would like to see his team angry. But the reason is to make amends for a disappointing performance in its pre-season opener last weekend.

Before 52,171, the second largest crowd in San Diego history, the Chargers were beaten by the classy Baltimore Colts, 26-6. It wasn't as much the loss to the NFL champions which aroused the ire of Gillman, but the manner of losing.

"We made a lot of errors and the offense was terrible," Gillman crackled. "I know we have a better team than that."

Two interceptions, two lost fumbles and eight penalties for 128 yards were among Charger sins. They marred an attack which matched the Colts in first downs, 16-16, and outgained them in rushing yardage, 113 to 70. But the only San Diego points came on field goals of 17 and 35 yards by Dennis Partee.

Standing out for San Diego were running back Keith Lincoln, who averaged 6.4 yards for seven carries; new linebacker Pete Barnes, who made seven tackles, and cornerback Bob Howard, who limited Jimmy Orr to one catch.

GOODWILL — The yellow of the Lemon Grove lemon will shine brightly through the United States as it does every year. The Don Schaufler family painted the symbol on the rear of the family trailer several years ago as a public relations gesture. The symbol has traveled through Mexico and Canada, in addition to most of the United States. This year the Schaufler itinerary is Chicago, Texas and South Dakota. Schaufler is employed in the Lemon Grove Post Office. The family lives on Palm ave.

Moorman Named Charger Scout

Bob Moorman, former head football coach at Wiley College in Marshall, Tex., has joined the Staff of the San Diego Chargers as a full-time member of the player personnel department.

Moorman, 45, coached at Wiley of the Southwestern Athletic Conference for the last three years after a 20-year career in the Army. He retired with the rank of major and saw combat in World War II and the Korean War, winning a purple heart and bronze star.

While in the Army, Moorman coached football teams in Japan and at Fort Dix, New Jersey. He played college football as an end at Hampton Institute of Virginia.

Tom Miner, Charger director of player personnel, called Moorman, "a valuable addition to our staff. He knows football and he knows the quality of leadership we desire in our players."

Moorman will supervise scouting in the southern states. He beomes the third full-time scout under Miner. Others are Red Phillips and Tony Razzano.

Grossmont Adds Library Technology

Grossmont College will offer a new course in Library Technical Assisting commencing with the fall semester. The course, Library Technology 130, will introduce library terminology, materials and procedures to prepare students for library employment at less than the professional librarian level. The course is also designed to provide in-service training for persons already employed in libraries.

Library Technology 130 and and a follow-up course to be offered during the Spring semester, have been planned and will be offered in close cooperation with the leaders of all segments of the library profession in the San Diego area.

According to Thomas A. Hepp, Grossmont College librarian, typing skill is essential for successful completion of the course with a knowledge or interest in humanities and the sciences, both social and natural, recommended.

"The course will emphasize the human side of library skills, particulary those in which the library assistant comes in contact with the public or customer," Hepp said. "The proper attitude in addition to aptitude and a broad education will help insure success for students interested in becoming a Library Technical Assistant."

Deadline for applying for enrollment for the Fall semester at Grossmont College is August 29. Additional information on enrolling in the Library Technical Assisting course and other courses available at Grossmont College may be obtained by contacting the Admissions Office on the campus.

Facts About Guardianship

Under California law, a guardian is one given the care management of the person or estate or both of a child under 21 years of age or of a person declared legally incompetent

At the death of a child's parents, the court appoints some one to take care of him and his property (either the same or a different person). This person is known as a genera guardian.

Although the court always appoints the guardian, it choice can be influenced by the parents' will — a major rea on for parents to have will and designate the guardian in them.

If the parents did not name a guardian, the court would normally appoint the closest qualified relative grandparent sister or brother, etc.), rather than a stranger or even a close friend.

A child over 14 can express a preference concerning the appointment of his guardian which might influence the court's decision. All recommendations, in fact, are given consideration.

Where the appointment of the guardian was made solely because of minority, guardianship of the person or estate is automatically terminated when the ward reaches the age of 21. Guardianship of the person is also automatically terminated if the ward marries before age 21.

Gulls Open Camp

The Gulls will open training camp in Victoria, British Columbia, on Monday morning, September 15, with at least 23 players receiving notification to report for opening drills.

General Manager-Coach Max McNab released a tentative training camp roster showing 23 players including 20 professionals and three amateurs.

McNab said that he would have an announcement early in August about the addition of four more amateurs to the training camp roster.

The Western League's player limit for the 1969-70 season is 18 — two goalies and 16 forwards and defensemen. Two of the 18 players must qualify for the WHL's rookie award

The most heavily populated positions are defense and left wing. The Gulls have seven pro defensemen on the preliminary roster aand five pro left wingers, four of whom scored 20 or more goals during the 1968-69 season.

Fred Hilts led the way at left wing with 44 goals, followed by Bruce Carmichael with 26, Len Ronson with 24 and Al Nicholson with 22.

The biggest turnover has been at the center position. The Gulls ended the 1968-69 season with one center. Warren Hynes, after Alex Faulkner announced his retirement.

Deddeh Satisfied; Nixes Pay Raise

Assemblyman Wadie Deddeh, (D-Chula Vista) voted this week against raising legislative salaries from $16,000 to $19,200 a year.

The bill providing the increase and authored by State Senator James Wedworth (Inglewood) passed the Assembly this week after already having been approved by the Senate. It now goes to the Governor for his signature.

The bill would raise legislative salaries starting January, 1971, when a new legislative session begins after the 1970 general election.

Deddeh said that, "In good conscience, I could not vote for this bill even though it represents a 5 percent annual cost of living increase over a four year period. Many people are being pinched by current inflation and if they have to live with it I think I should too."

A constitutional amendment approved by the people in the general election of 1966 allowed the legislature to raise salaries for a new legislature that would convene after a general election. Raises were limited to 5 percent annual cost of living increase.

Deddeh pointed out that, "When I was running for office on 1966, for the first time, the salary was $6,000. I planned to live on that, but salaries were increased to $16,000 by the people's approval in the General Election. I think that this is satisfactory today."

If a salary increase for the legislature is turned down this year, any salary increase could not be provided by law until January, 1973, the start of the new session after the 1972 general election. The current law prevents legislators from giving salary increases to themselves during a current session.

'Cousin Josefa' Opens Here

"My Cousin Josefa," a new musical by Robert Austin, had —its world premiere last night as the third offering of the 1969 "Musicals at the Zoo" in the Wedgeforth Bowl of the San Diego Zoo.

It is being produced by the Center for the Performing Arts of United States International University and will run through Aug. 16 (with the exception of Sunday.

Carla Alberghetti, talented young singing star, will create the title role of Josefa Carrillo, partnered by baritone Jack Ritschel as Captain Henry Fitch, Josefa's lover.

Other leading roles include Pio Pico, played by Asaad Kelada; Padre Menendez, played by Burt B. Belant; Don Joaquin Carrillo (Josefa's father), played by Leslie Cozzens; Dona Carrillo by Graciela Franks; Domingo Carrillo (the uncle) by Manuel Camacho.

Nola Roeper plays Josefa's younger sister, Moncita, and Martin Siniawski plays Moncita's fiance, Lt. Romulado Pachico.

The musical play is based on a true story from early California history. San Diego: 1826.

Josefa Carrillo, the daughter of a prominent San Diego family, meets and falls in love with Fitch, a Yankee trading ship captain from Massachusets. The love affair becomes the scandal of the day.

Robert Austin, the composer, is a graduate of San Diego State College where, during his time as a student, he composed its alma mater, "Hail, Montezuma."

Trustees Adopt Record Budget

Grossmont High School Trustees approved a record $19.1 million budget for the 1969-70 school year in their Monday night meeting.

The budget represents a $3 million increase over last year.

This will require a district tax rate of $2.62 per $100 of assessed property valuation. Last year it was $2.19.

The increase included $1.3 million to offset inflation and normal pupil growth, and $1.1 million for salary and fringe benefit increases.

Smaller increases included $268,000 for a building fund, $260,000 for expanded programs and $134,145 for miscellaneous items.

According to Board President George K. Birch, the budget includes an estimated figure for additional state aid of $400,000 — which may be revised upward or downward by the Legislature.

Acreage Fires Doused Without Structure Loss

Lemon Grove firemen were kept busy Monday with two large grass fires. Both endangered nearby structures.

One, at 12:25 p.m., required four units and 15 men to control the blaze in a canyon in the 2200 block on Berry st.

A home at 2205 Berry with the resident listed as A. R. Dudley, was saved when firemen used high-powered lines to stop the blaze short of the house.

About four acres between Berry and Massachusets burned. Some heavy timbers and a discarded flatbed truck body in the canyon also burned.

Later that afternoon, a similar fire broke out in the 7000 block on San Miguel. The area is north of the new L. G. Christian church. The church was not endangered in the three-acre fire.

Two motorcyclists are sought for questioning in the Berry st. fire. They were seen at the blaze site minutes before the fire was noticed, according to Fire Marshal Raymond Carmody.

Two youngsters are being sought in connection with the San Miguel fire Carmody said.

Social Security News

This newspaper presents this question and answer column about the Social Security program as a public service to our readers. The questions are those most frequently asked about Social Security. The answers are provided by Sumio Oto, El Cajon Social Security Office Manager.

Q. How do I know the social security program will be financially sound 10 years from now, when I plan to retire?

A. Financially, Social Security is sound because it is assured a continuing income in the form of social security contributions from people who work, their employers and self-employed persons. With this assurance of continuing income, the program has no need to have enough funds on hand at any one time to pay all future benefits. Future income will guarantee future benefits.

Q. I do not have the money to pay my doctor bill and he does not wish to collect the medicare payment directly. Must I pay the bill before I can receive payment from Medicare?

A. No; this is no longer true. All you need to do now is get an itemized bill from your doctor, paid or unpaid, and send it in with your Medicare claim form.

If you have further questions regarding the Social Security Law, contact or write the Social Security Office, 570 North Second st., El Cajon, California 92021. The office is open from 8:30 a.m. until 4:30 p.m., Monday through Friday and until 7:30 p.m. on Wednesdays. The telephone number is 442-0851.

Helix Water Lowers Tax

Helix Irrigation District Board of Directors, last week, voted unanimously to reduce property taxes by 12.5 cents. The District, which taxes on land value only, announced the new rate at 32.2 cents per $100 assessed valuation.

Harry Griffen, chairman of the Board, commented that the Directors realize taxes are becoming burdensome and since the District is approaching full development, all costs of water service can, as soon as practical, be financed entirely from water sales. Costs include debt service, as well as operation and maintenance.

"This is real relief," added Griffen. "The new rate does not raise as much revenue as the previous .457 rate because of inreased assessed valuation. It is true property tax reduction in accordance with present District policy to eventually eliminate tax assessments."

In addition to the area wide assessment reduction, certain areas of El Cajon were annexed to the District in 1955, and carry a separate assessment which was also reduced. This separate assessment was reduced 8.8 cents from 63.8 cents to a new rate of 55 cents. The total tax for the El Cajon annex is 88.2 cents, or a total reduction of 21.3 cents from the previous year.

The District serves a fifty square mile area with an assessed valuation of $87,131,100, and includes La Mesa, Lemon Grove, Spring Valley, and El Cajon.

Cotton iron-on interfacing is an excellent sewing aid. Use it in small areas for reinforcement and to prevent fraying. For instance, you can use interfacing behind buttonholes, for reinforcing points of gussets, and on the underarm curves of kimono-type sleeves.
